# FIREMEN OBJECT TO STATUE MOVE

The executive committee of the Onondaga County Volunteer Firemen's association, composed of 156 out of the 2,000 members of the association, met at East Syracuse Tuesday night, and adopted resolutions protesting against moving the Hamilton S. White monument in Fayette park.

It has been proposed to move the monument to the east end of the park to permit a memorial to Christopher Columbus to be placed at the west end, but it was said consent of Mrs. White would be asked before action is taken. Mrs. White said yesterday she did not want to express an opinion until she had conferred with Clarence E. Howard, city planner, who proposed moving the monument.
