

# Agree on Site For Columbus Statue Here

## Committee Develops Sen- timent for St. Marys Circle Location

The Columbus Monument Association of Syracuse will meet tonight in Pirro's Hall in North State Street on call of Anthony Valentine, president, to advance a site for the monument for public consideration.

Sentiment for locating the memorial in St. Marys Circle has been developed. A committee has been appointed to interview city authorities.

The project has been delayed several years by difficulties in selecting a design and locating the statue.

Onondaga Park, Prospect Hill, Columbus Park and St. Marys Circle have been proposed as sites. Pending definite selection of a site the choice of a design has been postponed.

The fund for the monument on deposit here is between \$17,000 and \$20,000, with a possible total of \$25,000 available. Zeff Pieri is vice president of the association and Anthony D'Iacqua treasurer.
